Project

Report

➢ <u>1. Power Point slides (pdf file)</u>

  ➢ Title page: Course name, project title, your names, student ID, date

  ➢ Background, problem formulation, strategy/methods, justification, data analysis, results, interpretation, discussions

  ➢ Page limit: 12 slides (including title page); extra slides will be ignored.

  ➢ DON'T include codes in the slides.

➢ <u>2. Appendix (pdf file):</u> codes used in your data analysis

➢ <u>3. Presentation (video file)</u>

  ➢ Present your slides as if you are in front of the class, and record your presentation

  ➢ Time limit: 10 minutes

  ➢ All members should participate in the presentation.

Submission Deadline

➢ Canvas--→Assignments

 ➢ "Project_slides": submit ppt slides

 ➢ "Project_presentation": submit video file

 ➢ "Project_appendix": submit appendix file

Submission deadline: April 17, Sunday @10:00 PM

Requirements

➢ This is a group assignment.

➢ Reading references related with the chosen dataset is allowed.

➢ Each group is required to do independent data analysis and report writing.

➢ You can ask TA for help ONLY if you have difficulty in downloading a dataset and importing the data to software.

➢ Grading on project will be based on the quality of data analysis and quality of presentation.
